THE MOST WONDERFUL

Discovery of the Age. T'HIS remarkable preparation contains no alcoholic atim-ulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions and secre-

tive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely restore their impaired or lost functions. All this the propri-etor has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of sev-enty, and his hair nearly all fallen off; but he now has an abundant crop, and no person would ever imagine that he ever had a grav bair; and his hair is as soft and pliable as though it had been recently oiled. This is not an isolated case; it has done the same for many others, as the following eruficates abundantly prove. Sr. Part. Jan. 1, 1855.

Prof. O. J. Wood-Dear Sir: Unselicited I send you this crificate. After being hearly bald for a long time, and having tried all the hair restoratives extant, and having no laith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbet with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not!—but have never hitherto seen any case in which any person's hair was really benefitted by the aid of the hair modations for tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your proparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it.— You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly ad despaired long, long ago of ever effecting any such re-ult. I congratulate you that your fortune (and a large one) is already made. Yours, hastily,

CARLTLE, Ill., June 27, 1853. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My heir was becoming, as I thought, prematurely gray, but by the use of his Restora-tive, it has resumed its original color, and I have no double SIDNEY BREESE, BROOKFORD, Jan. 12, 1855.

Prof. Wood-Dear Sir: Having made trial of your Hait Prof. Wood—bear sir: having made trial of your last Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itshing, with which I have been troub-ler-from chitishood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit. Yours, truly,

114 Market st., St. Louis, Mo., March S, 1855.

Dear Sir: I am doing an extensive leaved in the Western and South-western States, as General Agent for Adama' American Liniment, and would be giad if you would favor me with a consignment of Frot. Wood's Hair Restorative, as I feel assured that I can introduce it in many places where it is not known, as my own head is a living testingony of its valuable properties, in restoring hair to its natural color.— I am forty years old, and my hair was almost white, but after using three half-pint bottles, my hair is as beautiful au-burn as it was at eighteen, and much improved in appear-ance, and I would not be without a bottle on hand for the ance, and I would not be without a notice on another that is connected with the Hale Restorative. I have been for thirteen years engaged in the same business, and will be giad to hear from you soon. My address is Paris, Tenn.
